Position Description: Conservation Internship

**Full-Time:** April - October, 7 months, At-will

**Supervisor:** Conservation Director

**Position Summary:**
The Conservation Intern assists the Conservation Director and Farm & Wilderness staff in the execution of various projects supporting sustainable land use, aquatic ecosystem health, community engagement, youth and adult education, and outdoor recreation. The Conservation Intern will work with other staff, community members, and partner organizations in four core areas: conserved lands, water resources, community engagement, and outdoor recreation & education. Many projects will include, but are not limited to – land monitoring, resource mapping, plant surveys, youth school & summer camp programming, adult and family engagement events, trail maintenance & monitoring, and data collection, grant work. This internship will not only be serving as a key support for the conservation work of the organization by working collaboratively with others, but also developing skills as a dynamic leader working on innovative ways to connect people and the natural world.

**Essential Functions**
Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

**Responsibilities:**
- Assist in management projects for over 4,000 conserved forested acres in Plymouth and Mount Holly
- Participate in seasonal monitoring, data collection, and mapping of land and natural features.
- Assist in the coordination of land and lake aquatic invasive species prevention & management programs
- Coordinate, lead, and co-lead various events, workdays, outdoor recreation, and educational opportunities
- Assist in grant writing and reporting
- During the summer camp season, the conservation intern will assist camp programming as needed
- Assist with work related to opening and closing of camps and large camp events.
- Share cooperative chores and cleaning with physical plant and farm crew
- Assist in developing content for website, social media, and blogs
- Undergo training throughout the season
- Assist with seasonal and other necessary group maintenance projects as needed

**General F&W Responsibilities:**
- Actively participate in the annual weekend events, such as Harvest Weekend and Spring Planting Weekend.
- Participate in crew life and chores
- Assist the Conservation Director, Sustainable Resources Director, and Executive Director with tasks as assigned.

**Qualifications:**
**Required**
- 21+ years of age with a valid driver’s license
- Strong desire to build skills and knowledge related to land conservation and outdoor education.
- Be a team player and comfortable leading groups of all ages
- Flexible, able, and willing to perform a variety of tasks in changing situations
- Positive and flexible attitude with co-workers and participants
- Experience and comfort working in outdoor settings, particularly woodlands
- Demonstrate initiative and motivation in work.
Desired

- Undergraduate degree or working towards one ideally in the field(s) of natural resource sciences, ecology, conservation, outdoor recreation or education, and/or environmental studies.
- Current First Aid and CPR
- Conflict resolution skills
- Experience working with school aged children and teens

Salary and Benefits

- With housing (preferred) - $350-$375 per week, paid bi-weekly. Includes room & board with access to laundry and internet
- No housing - $15-17 per hour, based on experience
- Full-time, seasonal - 40 hours per week scheduling.
- Workers’ compensation
- Shared office space
- Professional development opportunities

Cooperative Living Accommodations:
If living onsite, crew staff share living quarters and kitchen facilities. All crew are expected to be committed to this cooperative living situation and to help with food ordering, paperwork, daily cooking, cleaning, and household chores outside of the workday. There will be a mandatory weekly meeting for onsite staff to communicate the logistics of cooperative living and delegate responsibilities.

Organizational Summary:
Farm & Wilderness Foundation (F&W) is a non-profit, educational organization operating eight summer camp programs for children and teens, a family camp, retreat rentals, and a conservation organization. Encompassing property over 1,500 acres in the Green Mountains of Vermont, F&W programs are rich in adventure, community, and a spirit that fosters individual connections with the natural world. While each camp and initiative provide unique programs addressing age and interests, all F&W activities are shaped by Quaker principles and the common belief that individuals and communities are strengthened by justice, honesty, self-reliance, diversity, and respect for all persons. In 2018, F&W joined forces with the Ninevah Foundation to manage the conservation of more than 3,300 acres of land and water in the Lake Ninevah valley. People of any race, background, religion, sexual orientation, gender, or economic status are encouraged to apply to join our community as campers or staff. To learn more about F&W please visit: [http://www.farmandwilderness.org](http://www.farmandwilderness.org)

Equal Opportunity Employer:
Farm & Wilderness is an equal opportunity employer. No employee or applicant for employment shall be unlawfully denied an employment opportunity for which the employee or applicant is qualified because of race, color, sex, sexual orientation, gender identity, religion, national origin, age, marital status, veteran status, disability, or other protected category. F&W is committed to non-discrimination in its employment.

To Apply:
Send a Cover Letter outlining how your experience is a match for the Conservation Intern responsibilities and your resume to our Conservation Director, Kelly Beerman, kelly@farmandwilderness.org.
