Health & Wellness Coordinator: Terri Hunt

Email: [headnurse@farmandwilderness.org](mailto:headnurse@farmandwilderness.org)

## CONTACT US

### Who to Contact & When

All calls and emails should be directed to the Main Office year round during our office hours. Staff working in that office are dedicated to answering questions & assisting all camp families needs as well as directing all phone or email communications to ALL camps. We can answer your questions or connect you with right person or camp office who can.

During the summer months only (mid-June through mid-August), you may call or email camp offices and health centers directly during your child's camp session. The main focus of our Camp Directors and camp staff is the care and safety of all campers. Camp staff strive to return calls and emails within 48 hours, unless it is an emergency situation.

### EMERGENCY COMMUNICATIONS ONLY

If you have a family emergency during your child's camp session, please call the Main Office during office hours FIRST. If it's outside of our Main Office hours, call your camp office next and ask to speak to a Camp Director. If you MUST get a hold of someone within 24 hours and cannot reach anyone by phone, you may use our pager system.

### To Page a Camp Director:

Call 1-888-622-3276.

You will be asked who you would like to page. Leave the **name of the camp director** and a **brief message and phone number** where you can be reached.
